ULTRA-SPRAY

Automated Spray System

Pressured with the lack of productivity? Overwhelmed with shrinking budgets? Burdened with increasing work and decreasing time? Fas-Trak Industries is proud to announce ULTRA-SPRAY, the revolutionary automated spray system! The ULTRA-SPRAY is the most productive, pressurized, all-surface, automated spray system on the market today.

We had the user in mind when state-of-the-art technology and common-sense engineering were combined to produce the most time-efficient pressurized spray system ever. This superior labor saving system is designed for all surfaces where professional quality chemical application are required.

FAS-TRAK APPLICATIONS

Fas-Trak Industries is a proactive innovative manufacturer of performance related application technology for the maintenance & janitorial industry. Our passion is to create innovative performance solutions by redefining and expanding surface application processes.

Our pressurized spray technology is industry proven and addresses the main challenges related to spray system issues today namely – labor savings as well providing superior results. Our ULTRA-SPRAY system can be used both on hard and soft surfaces.

Our customer base is a who's who which include Broward County, Houston and Greenville school systems, US Postal Services, Southeast Services and Abbott Labs to name a few.

ULTRA-SPRAY

Automated Spray System

- Coiled wand for hard-to-reach areas
- Fully adjustable front mount spray assembly. Adjusts from 18" to 36"
- Lightweight design - 25lbs
- Made in the USA

Wall Washing Tool - Sold Separately

FAQ's

Q. What is the difference between the Ultra-Spray and the other "suit case" battery sprayers?

A. The "suit case" type sprayer requires use of a spray wand. The Ultra-Spray has a wand and a front mount spray assembly which is 3x faster and easier. It also houses a 5-gallon pail with quick change-out capability

Q. What can the Ultra-Spray be used for besides carpeting?

A. The applications are virtually unlimited! Some examples: apply disinfectants to hard surfaces, apply encapsulation agents, anti-soiling treatments, and odor counteractants.

Q. Can the spray pattern be adjusted?

A. Yes! We have an adjustable nozzle.
